## PROVINCIAL'S MESSAGE

While a lot is still unknown about the virus that causes COVID-19, the outbreak of coronavirus disease has been very seriously affecting all walks of life especially the marginalized groups. The pandemic spreads like a wild fire and has now reached many countries. It has created a serious global health crisis of our times.

More than a health crisis, the COVID-19 is creating disheartening social, economic and political crises that will leave deep scars down the history. Every day people are losing their jobs and income, with no way of knowing when normality will return. In our context, the poor Dalits, migrants, tribals, widows, gypsies and daily coolies are the most affected victims of the impacts of this pandemic. Discerning over the current signs of times, the **Province Disaster Management Committee (DMC)** was created to plan and respond to this situation in a meaningful way.

This report on '*Rapid Response of Jesuit Chennai Province (CEN) to COVID-19*' exhibits the ways in which all the members of the Province have responded to this crisis, in collaboration with our collaborators.

With a deep sense of gratitude, I would like to express my sincere thanks to all the members of Jesuit Chennai Province, all our collaborators for your rapid responses to proactively address the crisis of COVID-19 and in reaching out the affected people with generous heart, in spite of its risks and dangers for one's existence.

In the first phase of our reaching out the people (Poor Dalits, Migrants, Tribals, Widows, Gypsies Transgenders, Sri Lankan Refugees, Daily coolies and Domestic Employees, etc.), our Jesuit communities have reached out to more than 6000 families in most of the northern districts of Tamil Nadu in providing them ration of food essentials and protective medical equipments.

On behalf of all of you, I would like to express my sincere thanks and appreciations to the Province Disaster Management Committee (DMC) [Frs Francis Xavier, Andrew, Igni, Joe Arun, Thomas Amirtham and Vasanth]. They have spent their quality time in organizing meetings, contacting the Government officials, communicating to Jesuit communities, doing the need analysis, being in touch with the collaborators, benefactors and well-wishers, executing the plans, getting the reports and consolidating them and codifying the activities, etc. A special thanks to Frs Francis Xavier (the Convener of DMC), Igni and Vasanth for giving a constant push to the activities of DMC.

*Jesuit Chennai Province (CEN) has been established as a new Jesuit Province on 28 Dec, 2019 from Jesuit Madurai Province (MDU).*

I would like to appreciate and thank the Alumni, Staff, Students, Parents and Collaborators of our Institutions, specially the Loyola Institutions (Helping Hands of Loyola) Chennai for their special contributions and active involvement in the entire process of our rapid responses to Covid-19. Needless to mention a few like Frs William, Henry (JAM) (Jesuit Migrants Service) and their team who have been tirelessly working all through the operation; the Professors, the Officials of Loyola Alumni, the Campus Treasurer's office, especially Mr Dominic Savio (the CFO) and Mr Thomas (the PRO) for coordinating and networking with the vendors, Govt and Corporation Officials, Alumni, volunteers, and for taking up the task of thanking the donors for their magnanimous generosity.

Once again, I appreciate all Jesuits and our collaborators for their high character and unassuming earnestness in involvement to this serious global crisis of pandemic COVID-19. Let our responses go beyond 'share and care' for the victims, to give them the Compassionate Love and Hope of the Risen Lord.

## CONVENER'S

## MESSAGE

Dear Friends,

The Coronavirus pandemic has brought in fear, confusion, and uncertainty. Further, it has affected many people, especially the migrants, daily wagers, and others who live one day at a time. More than ever we have come to realize that our inter-dependence is not only with our fellow human beings but also with our fellow created beings. An invisible virus has driven us, in spite of social distancing, closer to one another and to the invisible God.

Many have been very kind and have extended their helping hands to the needy and we have witnessed that human kindness is still alive, especially those who are on the frontline to keep the people safe and healthy.

The Disaster Management Committee (DMC) of the Jesuit Chennai Province (CEN) and the Helping Hands of Loyola (Chennai) have been serving, with generous support from the alumni and well-wishers, to the most needy especially the Migrants, the Gypsies, the Domestic Employees, the Transgenders, the Tribals and so many others who are in greater need, with food materials. A host of faculty members and student volunteers are counselling people in quarantine.

Our sincere thanks are due to all, especially the alumni, volunteers, and organizations for their insurmountable help rendered to the needy. Let us, in hope and faith, see a better tomorrow.

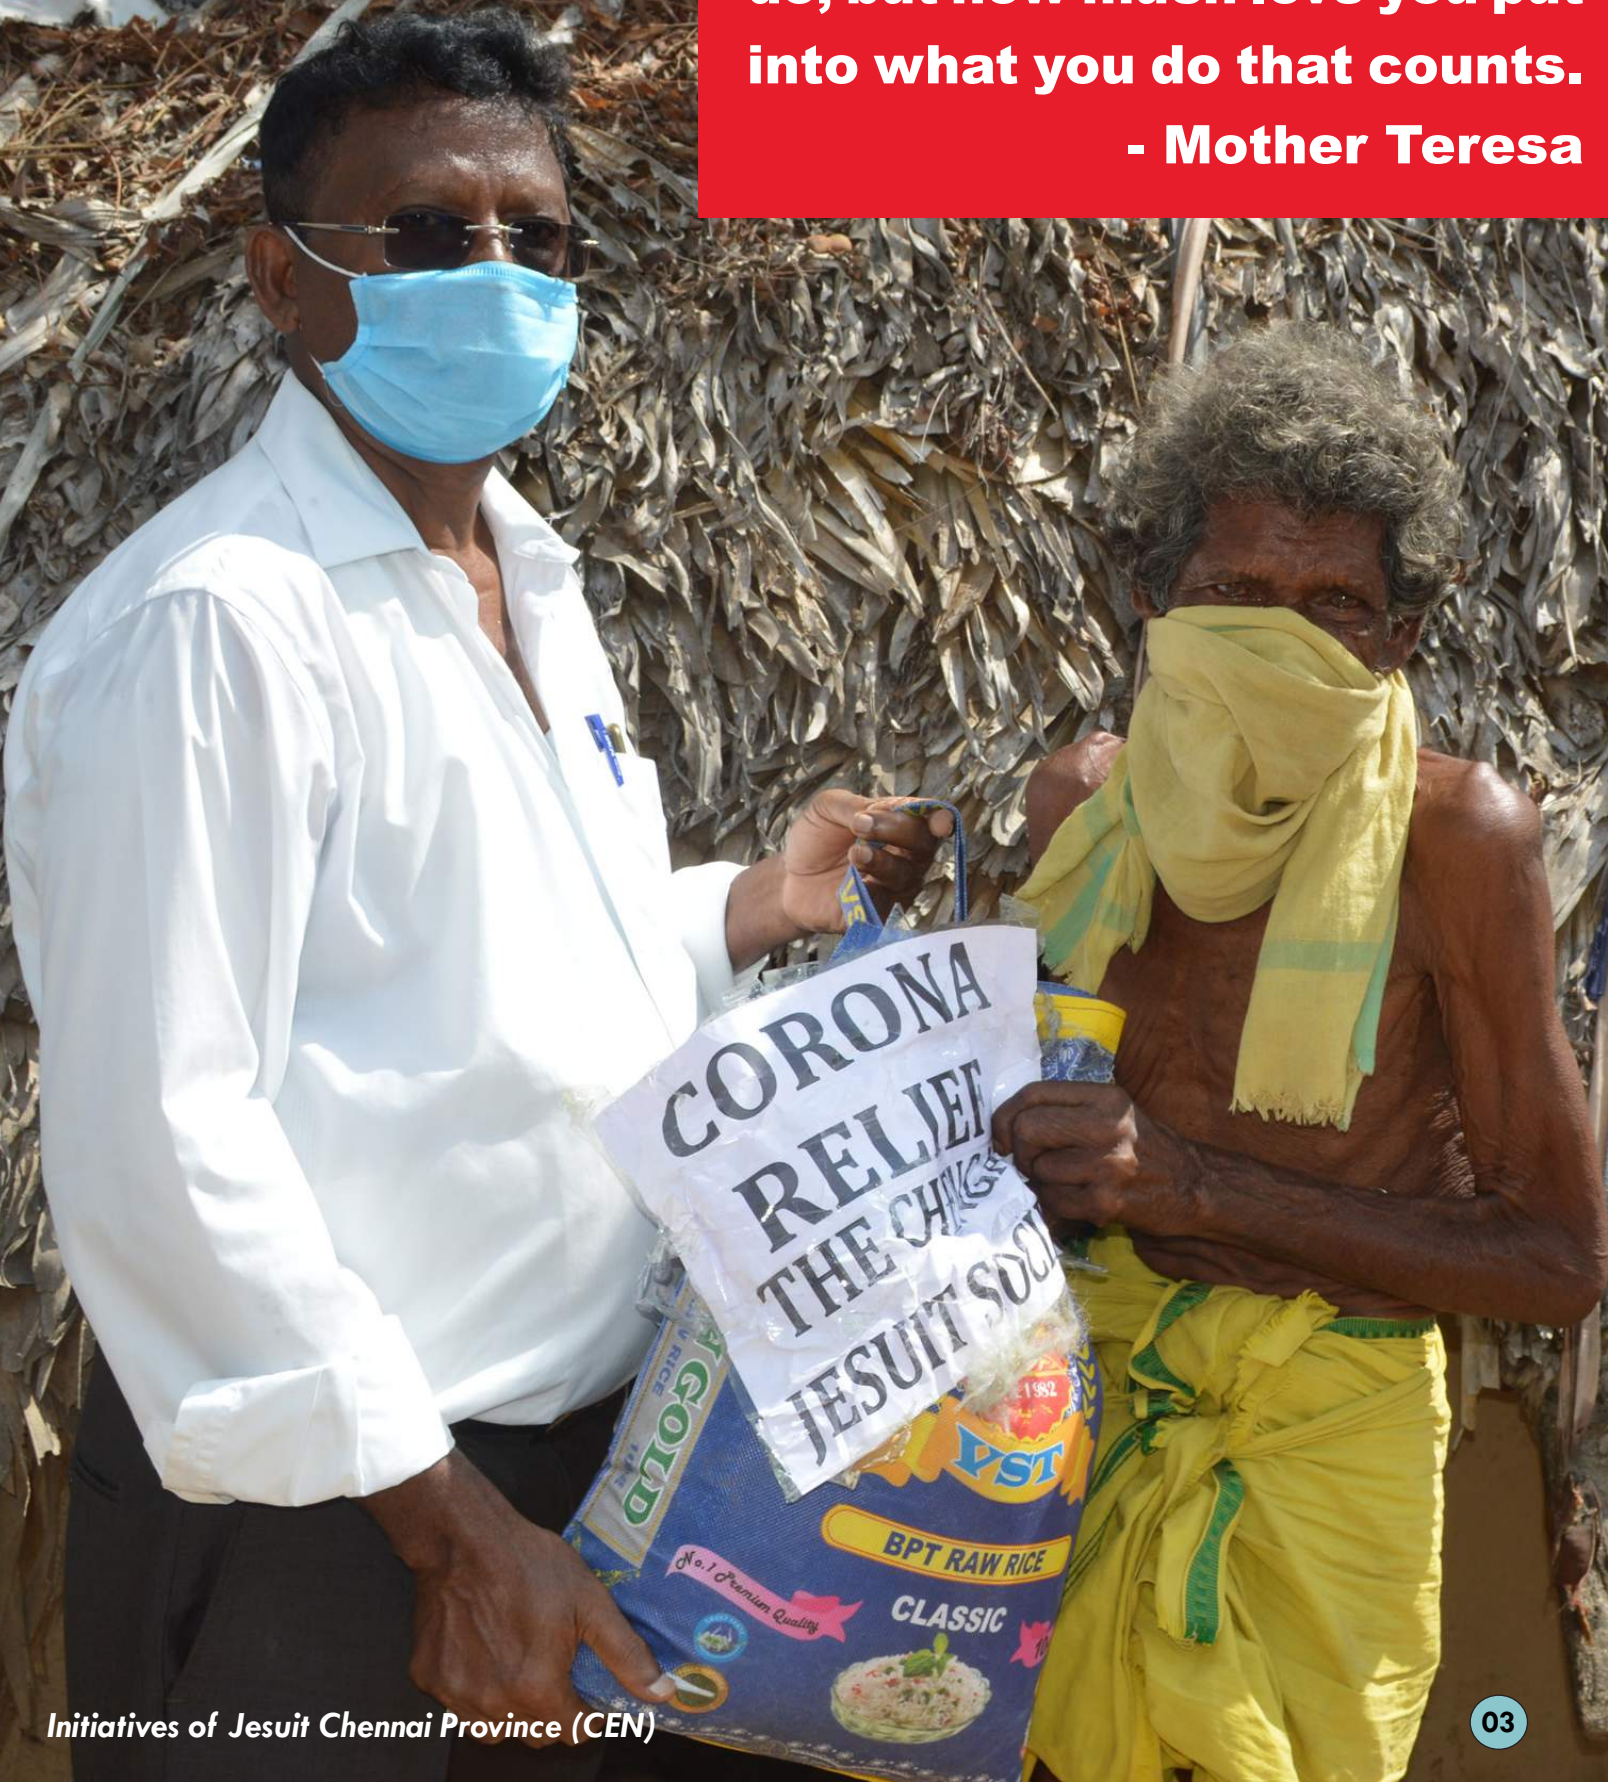

*Fr Francis P Xavier SJ*  
Convener of DMC and  
Rector of Loyola Institutions (Chennai)

## TINDIVANAM: JESIM

Jesuit Irular Mission (JESIM) has been working for the empowerment of the tribal Irulars who are thickly populated in the northern districts of Tamil Nadu namely Villupuram, Thiruvannamalai and Kanchipuram. Most of these people are daily coolies in brick kilns, rice mills, sugarcane fields and wood working. Due to this lockdown livelihood of this people has been affected very much.

JESIM works in 60 Irular villages, out of which we have selected 43 villages and have distributed the relief materials in three phases.

First Phase: We identified 9 villages as the most affected where Irulars have no access to ration cards, no proper housing, etc.

Second phase: We identified 14 villages where some people migrated from their villages to the cities for their survival and returned back to their villages due to this lockdown.

Third phase: We identified 20 villages where people are finding it difficult to manage their life due to this lockdown.

The source of our fund is exclusively from the Chennai Jesuit Province only.

The JESIM team is happy to report the plight of 40 Irulars. These 40 Irulars together with their children were working in the brick kiln at the outskirts of Chennai. In spite of the lockdown they were forced to work tirelessly. As the owner could not feed them, they were asked to leave for their villages without any transport. Hearing their gruesome journey back to their villages, JESIM plunged into action with the support of the Tahsildar of Vandavasi and helped them reach their homes safely.

*Fr Maria Felix Kennedy SJ*

## VALLAM: Paathai

“PAATHAI” is a social centre which is situated in Chengalpattu, in Chennai Province.

After the outburst of COVID-19, Paathai and Dalit Human Rights Centre (DHRC) together undertook a study with the help of movement cadres and leaders regarding the consequences of COVID-19 on the marginalised people especially in rural areas in the districts of Chengalpattu, Villupuram, Thiruvannamalai, Thiruvallur and Kancheepuram. We identified nearly 2500 families who need to be supported because they are daily wage earners. In each district 500 families were selected.

First, we got permission from the sub-collector of Chengalpattu to travel to these districts for relief work and distribution. In each district with the help of movement cadres such as International Ambedkar Centenary Movement (IACM), Dalit Christian Rights Movement (DCRM), IACM Cultural troop, Jyothiba workers union and the DHRC Staff we carried on with the relief work.

Arunthathiars, Washermen communities, Irulars, Sanitary workers, lepers, Most Backward Communities and Dalits were the beneficiaries. Nearly 1315 families benefitted. Collaboration with the movements is very helpful to carry on the work. The community members of Paathai are fully involved in the relief work.

*Fr Yesumarian SJ*

## VETTAVALAM: Loyola College

Loyola College, Vettavalam, mainly caters to the educational empowerment of the Dalit students in and around the districts of Villupuram and Thiruvannamalai. On receiving the clear direction from the Disaster Management Committee (DMC) of the Province to fight COVID-19, we started the relief work to the people who have been forced to be jobless and deprived of their day-to-day survival sources.

To reach out to the most deserving people and also who are closely associated with us, we drafted the following criteria:

1. Economically poor and the destitute students from LCV
2. Economically and socially most backward from our outreach areas (orphans / semi-orphans, widows, uncared elderly people, physically/ mentally challenged, etc.)
3. Our outreach animators whose families are very poor and affected by other disadvantages
4. Refugee camp near Tiruvannamalai
5. Gypsies whose livelihood is totally paralyzed
6. Severely affected Irulars (ST), Arunthathiars (SC) and Dalit Christians
7. Households of victims of violence

Thus, we identified people of different categories who have been heavily affected by this pandemic. The following are the different categories of people whom we reached out for our relief work.

	CATEGORY	HOUSEHOLDS
1	Economically poor and the destitute students from LCV	50
2	Economically and socially most backward from our outreach areas	125
3	Outreach animators' families	41
4	Refugee camp (Athiyandhal)	71
5	Dalit Catholic families (Pothuvai village)	44
6	Irular hamlet (Pappankottai)	23
5	Gypsies from Thirukovilur & Villupuram	100
6	Households of victims of violence	25
7	Dalit Catholic and Arunthathiar villages	50
	TOTAL HOUSEHOLDS	529

I thank the Provincial, the DMC and the entire Province for generously and judiciously taking up this great mission at the most unfortunate time. The donors deserve our appreciation in our relief work. Though

most of them are not in a position to donate, they did so looking at the dire need of the people. It only shows that giving doesn't have to have big money, but large heart.

*Fr Selvaraj Arulnathan SJ*

### **THIRUMANUR: John de Britto Parish**

The Parish serves the Dalits (95%), dhobis (1%) and settlers of different communities. The Parish has 360 catholic families. Most of them are very poor and daily wagers.

The Parish Priest with the help of village leaders has done a survey on the most deserving families and decided to provide food essentials for 400 families (Dalits, Widows, Dhobis & Differently abled). BDOs of Thirumanur and Thiruvaiyaru, Councillor, Panchayat President, VAO, Clerk, the village leaders, animators and youth volunteers extended their help for packing and distribution. The Province Disaster Management Committee is the only source from which we received the financial assistance to carry out our relief activities.

*Fr James Antonysamy SJ*

### **PORULUR: St. Joseph's Parish**

The Parish Priest together with the Parish council identified 10 deserving families, and helped them with Rs. 2000/- financially.

*Fr Gunasekaran SJ*

### **CHENNAI: Arul Kadal**

The Arul Kadal community together with Mrs Kavitha (Coordinator of the Banyan Association for Mentally ill and retarded persons) and Mrs Geetamma (Founder for the Association for Unorganized Labourers and Construction Workers) decided to reach out to the needy and the affected people.

We then identified 52 families of the mentally retarded children and mentally ill patients. The packets of dry rations were distributed by six Scholastics and two Staff on two days (21 & 22 Apr) in

Dumilkuppam, Nochikuppam, and Srinivasapuram in Santhome area.

The Scholastics also identified around 50 very poor families in the rural parishes to which they go regularly for week-end pastoral ministries. We also got the approval of the Parish Priests of Melrosapuram, Thiruporur, Kuppayanallor, Maambakam, Mamallapuram, Karumbakkam and Koothavakam and Rs 1000/- or Rs 2000/- were directly sent to their bank accounts.

Sch William was put in contact with the Sisters of the Destitute in Thirumulaivayal, who run a home for the elderly and psychiatric patients. The Superior informed that they were running short of medicines and therefore the

patients started becoming violent. So, we organized to buy medicines for 50 patients and they were brought to normalcy.

In collaboration with Mrs Geetamma, we identified 100 starving and stranded construction workers' families in Chenndivakkam, Maduranthakam TK. As govt denied the dry rations due to the unavailability of the ration card, we supplied them with dry rations. Also, a financial help of Rs 10,000 was given to Mrs Geetamma to prepare the needed masks, gloves and cloth bags for sanitary workers and construction labourers.
